

Continuing The Journey - 23-27 May 2022

What is it? Continuing the journey is a Biennial Conference exploring theology, psychology and spirituality. Anybody who wants to deepen both their faith and calling through creative engagement with each other and with God is welcome to attend. The conference has aimed to provide a safe place for exploration, reflection and simply 'being'.

Who is it for? Everyone is welcome. Previously the conference has attracted spiritual directors, pastoral carers, counsellors, psychotherapists, psychologists, social and community workers, pastoral theologians, carers, creatives, priests and ministers from all parts of the church.

What happens at conference? The conference will include plenary sessions, workshops and small group work. In addition, each day will have a rhythm of worship (both structured and creative), and opportunities for reflection, relaxation and sharing. As a special treat we will have an evening of entertainment on the Thursday night!

Who are the speakers?
